BDIX NEWS

BDIX Receives Formal License

As of June 18, 2014, BDIX receives license to operate as National Internet Exchange (NIX) from the Bangladesh Telecommunication Regulatory Commission (BTRC) to route domestic internet traffic.

info@bdix.net

ABOUT BDIX

BDIX is the first Internet Exchange Point (IXP) of Bangladesh and was established to provide physical interconnection for its members to exchange and route local Internet traffic locally.

So far more than 50 organisations of different types (ISPs, mobile operators, content providers) are peering through BDIX.

Like most other IXPs of the world BDIX is run with membership fees paid by the connected members, and are operated for the benefit of the members and the Internet community at large.

ABOUT BDIX

Since 2004, BDIX has been working to improve Internet infrastructure in Bangladesh by supporting the intercommunication between different ISPs and Telco's in the country.

Initially UNDP Bangladesh provided the equipments and financial support

BDIX is registered under the Trust Act of Bangladesh and is governed by its Board of Trustee consists of the persons elected from the renowned professionals of the country and senior management of prominent ISPs.
