# Bangladesh Cyber Security Incidents

- Hacktivism takes center stage.
- Phishing / Site Defacements are more common.
- Government sites (.gov.bd domain) are mainly targeted; mostly run on outdated Joomla engine/plugins.
- DDoS attack are increasing. Mostly target online banking web portal.
- Increase of Facebook incident reporting.

# Phishing Attack

The screenshot shows a browser window with the URL `bkash.bdnews9.com`. The page has a red header with the text "Open Bkash Account Online". Below the header is a registration form titled "Bkash Account Register Form". The form includes the following fields and instructions:

- Your Mobile Number :** A text input field with an example number "01764814599" and the instruction "Your mobile number that you want to register as a bKash account."
- Upload Your Photo :** A "Choose File" button, the text "No file chosen", and a link "Click to see example". The instruction below is "Upload your passport size photo, face need clear."
- Upload National ID front side:** A "Choose File" button, the text "No file chosen", and a link "Click to see example". The instruction below is "Upload your national id scan copy (front side), need clear."
- Upload National ID back side:** A "Choose File" button, the text "No file chosen", and a link "Click to see example". The instruction below is "Upload your national id scan copy (back side), need clear."

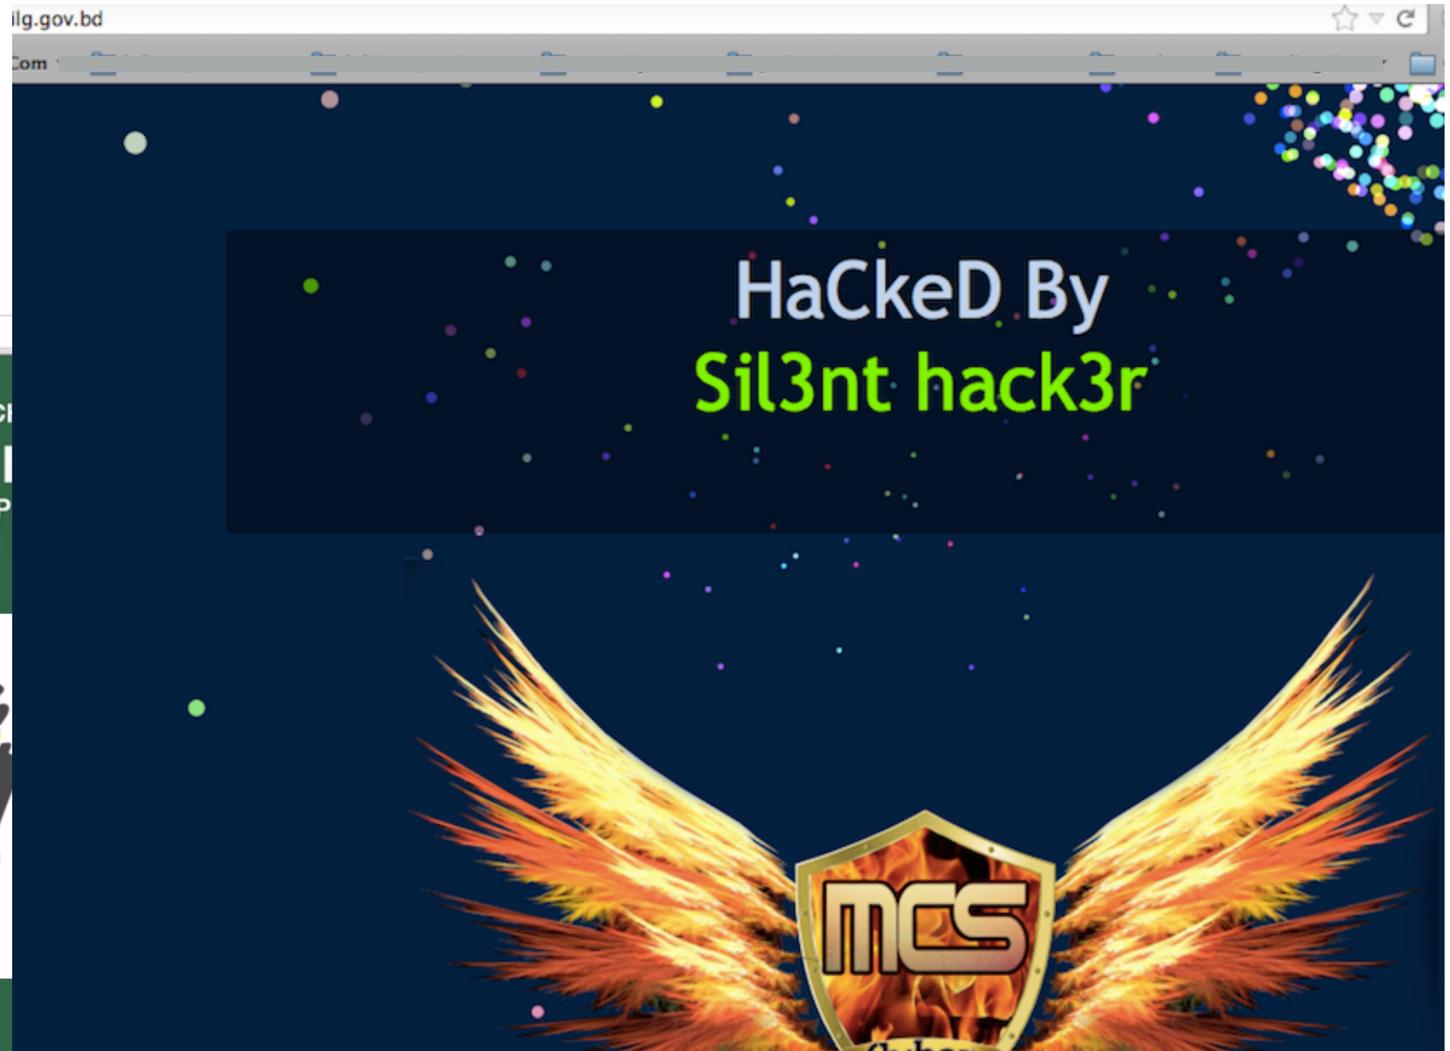

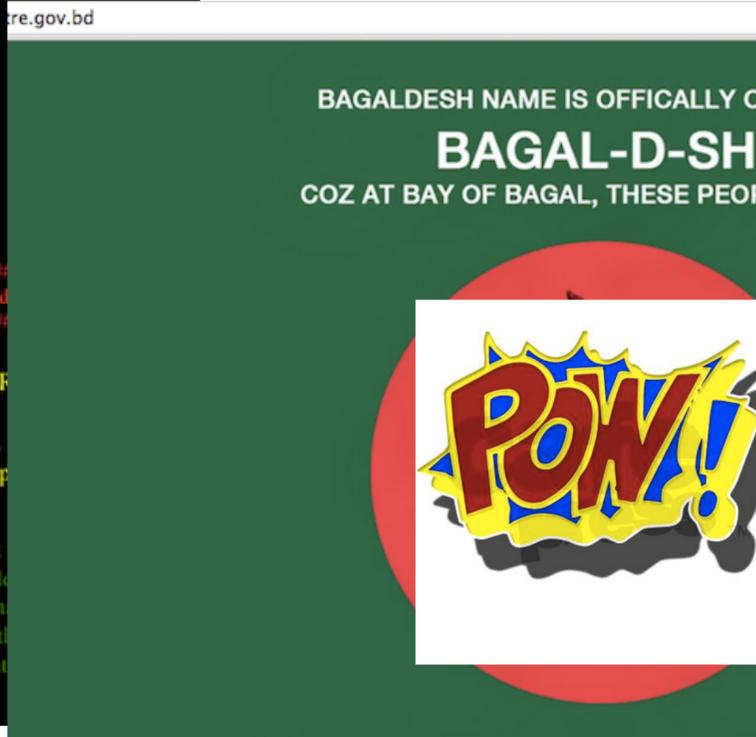

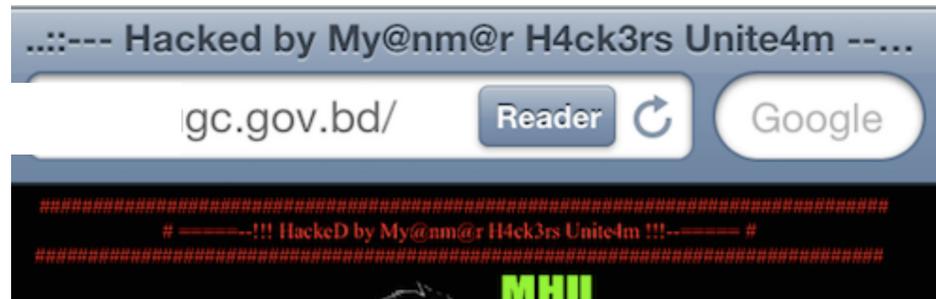

At the bottom of the form are "Submit", "Reset", and "Bangla" buttons. The bKash logo and BRAC BANK logo are also present. A footer at the bottom of the page reads: "You Can Register Bkash accounr from online... Fill the form and upload your documents... Need help - [CLICK HERE TO CONTACT US](#)".

The screenshot shows a browser window with the URL `bkash.bdnews9.com/contact.php`. The page has a red header with the text "Open Bkash Account Online". Below the header is a contact form titled "Contact us". The form includes the following fields:
