bdNOG

- Bangladesh Network Operators Group (bdNOG) is a forum of computer professionals working in several ICT based organization in Bangladesh namely in Telco, ISP, Bank, Garments etc.
- Objective of this forum is to work together, share operational experience, conduct operational research, promote local ICT talent to the international community and help building better Internet in Bangladesh.
- This community works on voluntary basis and not for profit interest.
Why

• **Work together** to build better Internet in Bangladesh
• Conduct **operational research locally**
• **Facilitate** discussion of **local issues**
• Build a **platform** to **share** operational work experience
• Promote **local talent** to the **global** Internet community
